German-Gulf Enterprises Ltd. in association with **Putzmeister** extends over 4 decades and has seen itself involved in some of the landmark projects in the UAE through its fleet of quality equipment. Putzmeister is said to be the worlds leader in design and production of high-quality machines.

Putzmeister develops |produces | sells & serves its customers worldwide with high quality, performance oriented machines in the following areas..

Concrete Pumping/ Placing: Truck mounted concrete pumps, Stationary concrete pumps, Moli pumps, Placing Booms.

Mortar technology: Plaster spraying, Fire proofing, Sand/Screed pumping, Grout injection, Shotcrete.

Tunneling: Concrete Spraying systems

Industrial: Solid waste pumps, Sludge pumps.

Conveying: Telebelts

1. Performance

Genuine Doosan parts, optimized for Doosan equipment, improve performance and reduce costs through fuel efficiency.

2. Quality

The quality of genuine Doosan parts is beyond exceptional. They ensure that Doosan equipment functions to the utmost of its capability through stable and constant operations.

3. DoosanCARE Maintenance

Genuine Doosan parts are accompanied by a systematic "Full Package Service" carefully designed to satisfy the company's philosophy of "Trust, Commitment, and Long-term Partnership."

4. Professionals

Genuine Doosan parts are supplied exclusively through official Doosan dealers. Top-class Doosan professionals, who are trained and certified by Doosan, advise customers on how to use parts correctly.

ATLAS

Atlas is the leading German manufacturer of Hydraulic truck mounted cranes catering to wide range of applications. Cranes classified in various Load moment categories and a comprehensive range with various designs to suit the application.

GERMAN GULF ENTERPRISES AND CHAMPION LUBRICANTS ARE DELIGHTED TO ANNOUNCE THE BEGINNING OF AN EXCITING NEW PARTNERSHIP

German Gulf Enterprises LTD (GGE) and Champion Chemicals are delighted to announce their new partnership which will see Champion Lubricants products being distributed by GGE throughout the UAE.

With over 60 years of expertise, Belgium based Champion Lubricants has established itself as a market leader in the production and supply of cutting-edge lubricant products and additive technologies. In addition to its in-house R&D team and on-site laboratory, its unique additive partner collaboration ensures it always has access to the latest technologies and formulations. Today Champion boasts over 130 OE approvals from the likes of MAN, Scania, Mercedes Benz, and VW amongst others. Champion Lubricants will be joining forces with GGE, a well-established company whose expertise lies in supplying top quality products and supporting them with dedicated, world-class maintenance services for a wide

GENERAC

GM Series is the brand-new mobile power generators family made by Generac Mobile®.

GM family is divided into six lines: GMS (Standard Line), GMN (Euro Line), GMR (Rental Line), GMB (Basic Line), GMH (60Hz Line) and GMP (Portable Line). Six different series of generating sets from the smallest portable products to the biggest powerful solutions.

GM power generators can easily fit any customer's need and suitable for any kind of application field, from the construction, the agriculture to the rental markets, these generators perfect match also with events thanks to the soundproof canopy allowing low noise emissions.

High quality, reliability and robustness are only few of the main focuses that Generac Mobile® concentrates on while manufacturing this impressive line of power generators, equipped with leading engine and alternator brands, sturdy canopies, high quality standard features and optional components.

ZENITH

ZENITH is one of the world market leaders in equipment for the concrete block

ZENITH is one of the world market leaders in equipment for the concrete block / paver industry. With our extensive range of concrete block making equipment, including travellers, stationary multilayer machines, single pallet machines and fully equipped single pallet plants we are market and technology leader in many fields. ZENITH is synonymous for competent consultation, detailed plant design, powerful concrete block making machines and plants, flexible transport systems for concrete, moulds with exceptional lifetime, profitable surface treatment systems as well as excellent service and spare parts availability. Far more than 7,000 content customers trust ZENITH and benefit from our extensive process engineering know-how day after day, for more than 60 years.

SKYBOOM

Skyboom is equipped with a professional R&D and production team, and all of our products are independently designed and produced with the most advanced concept and technology. Also, the entire production process is operated according to the standard of the world first-class enterprises. Meanwhile, there is an experienced sales and service team for marketing as well and all of our members are always here together with you honorable clients.

Based on the aim of "Making first-class team, Establishing first-class enterprise, Providing first-class service", we are trying our best to make innovations and provide the first-class solutions for the field of shipyard, venue construction, civil works, logistics, ports, and so on. Now we are focusing our mind on providing the most competitive AWP solutions and best service, in order to make the maximum value and benefit for our customers

So far, we make great progress and improve our market which covers most of places in the world, such as lots of provinces in China, Middle East, South-East Asia, Australia, South America, Africa, Europe, and etc. Furthermore, we sincerely arrange our agencies or offices in present market places to satisfy customers conveniently.

Bonluck Buses for schools and luxury tourist and executive travel

German-Gulf Enterprises Ltd is proud to announce the addition of BONLUCK BUSES to our product range. Bonluck have an extensive range of quality buses catering from the luxury coach segment right the way through school buses. German-Gulf Enterprises Ltd are excited to enter into this market segment and ready to offer all customers throughout the UAE exclusive blue-chip sales & service the German Gulf way! feel free to check out our catalogue

Measurement Tools

BOSCH-Measurement Testing Tools | Power Specialty Tools | Drills | Impacts

For over 125 years, Bosch has offered its customers around the world the chance to partake in the future with the same quality, durability and innovation that can meet, cope and cater to the increasing demand of the trading and technology industry. German Gulf's Parts & Industrial Supplies Division is proud to partner with Bosch. Bosch's product line consist of Measurement Testing Tools | Car Washers | Rotary Drills | Hammers | Grinders | Screwdrivers | Saws | Routers | Dust Extractors | Blowers | Heat Guns Bosch_Hammer Drilling

<h3>Angle Grinder</h3>  <p>The most durable tool in its class! Powerful 900-watt motor for fast work progress High work efficiency due to long lifetime and carbon brush lifetime Ergonomic shape for maximum control in various grip positions</p> <p>Also available in 4" GWS 7-100, 5" GWS 1400, 7" GWS 22-180, 9" GWS 22-230</p>	<h3>Rotary Hammer with SDS-plus</h3>  <p>The fastest multi-hammer in the 4kg class!</p> <p>Wide range of applications in chiselling and drilling work and when working with a core cutter Drills up to 30% faster (25 mm diameter) than other tools in its class Low vibration levels of only 10 m/s² for less tiring work due to Bosch Vibration Control</p> <p>Also available in GBH 2-28 DV, GBH 2-28 DFV, GBH 2-28 DFV</p>
<h3>Impact Drill</h3>  <p>Compact power – The most compact and powerful impact drill in its class! Robust and powerful 500 W motor Extremely compact for working in tight spaces and overhead Low weight of only 1.5 kg for fatigue-free working</p> <p>Also available in GSB 13 RE, GSB 16 RE, GSB 18-2 RE, GSB 19-2 RE</p>	<h3>Demolition Hammer with SDS-max</h3>  <p>Perfect for continuous horizontal chiselling!</p> <p>Perfect power-to-weight ratio: sufficient impact power, even for the hardest materials, and low tool weight Low vibration thanks to vibration-optimized impact mechanism and decoupled main and side handles Long lifetime due to robust metal components</p> <p>Also available in GSH 11 VC, GSH 5</p>
<h3>Cordless Impact Drill / Driver</h3>  <p>Robust series – Extremely powerful, extremely robust, and extremely easy to control! Extremely powerful: up to 85 Nm for the toughest screw driving and drilling applications in wood and metal</p> <p>Extremely easy to control: perfect control of the tool due to newly developed worldwide unique and innovative ERC (Electronic Rotation Control) and new auxiliary handle with easy locking mechanism</p> <p>Also available in GSB 10.8-2-LI, GSB 10.8-2-LI, GSB 18 V-LI</p>	<h3>Metal Cut-off Grinder</h3>  <p>The robust tool for the toughest applications!</p> <p>Extremely robust lever and spring construction for the highest work loads Powerful 2000 W motor with starting current limitation for fast work progress User-friendly quick clamping mechanism with continuously variable mitre angle setting up to 45° Also available in GCL 240, GCD 12 JL</p>
<h3>Rotary Hammer with SDS-plus</h3>  <p>The fast all-rounder for daily use! Gets the work done quickly due to fast drilling rate and high chiselling performance because of 800 watt powerful motor and 2.7 joules of impact energy Reliable and robust with long lifetime due to high-quality components Wide range of applications with rotation stops for chiselling work</p> <p>Also available in GBH 2-20 D, GBH 2-24 DF, GBH 2-26 DFR</p>	<h3>Laser Distance Meter</h3>  <p>All relevant functions in a compact design!</p> <p>Distance measurement, area calculation, volume calculation all intuitive to use Illuminated, three-line display maximizes readability Memory function enables easy access to the last ten measurements Also available in GLM 50, GLM 100, GLM 250</p>
<h3>Cordless Impact Driver</h3>  <p>The most universal impact driver in its class – with even longer!</p> <p>Special bit holder combines 1/2" square and 1/4" hexagon – for even more applications Brushless EC motor technology from Bosch – for up to 100% longer lifetime Very compact design for perfect handling, even in the tightest spaces and overhead Also available in GDR 18 V-LI, GDS 18 V-LI HT</p>	<h3>High-pressure Washer</h3>  <p>Powerful and versatile! A compact, mobile and powerful high-pressure washer!</p> <p>High cleaning power: Aluminium anodized pump with stainless steel pistons producing a combination of high flow and pressure resulting in high cleaning power Convenient: Metal telescopic handle for easy of use, mobility and compact storage Versatile: Used both in horizontal and vertical positions! Also available in GHP 5-55, GHP 5-75 X</p>

LUCHS - After Market European Truck & Trailer Parts

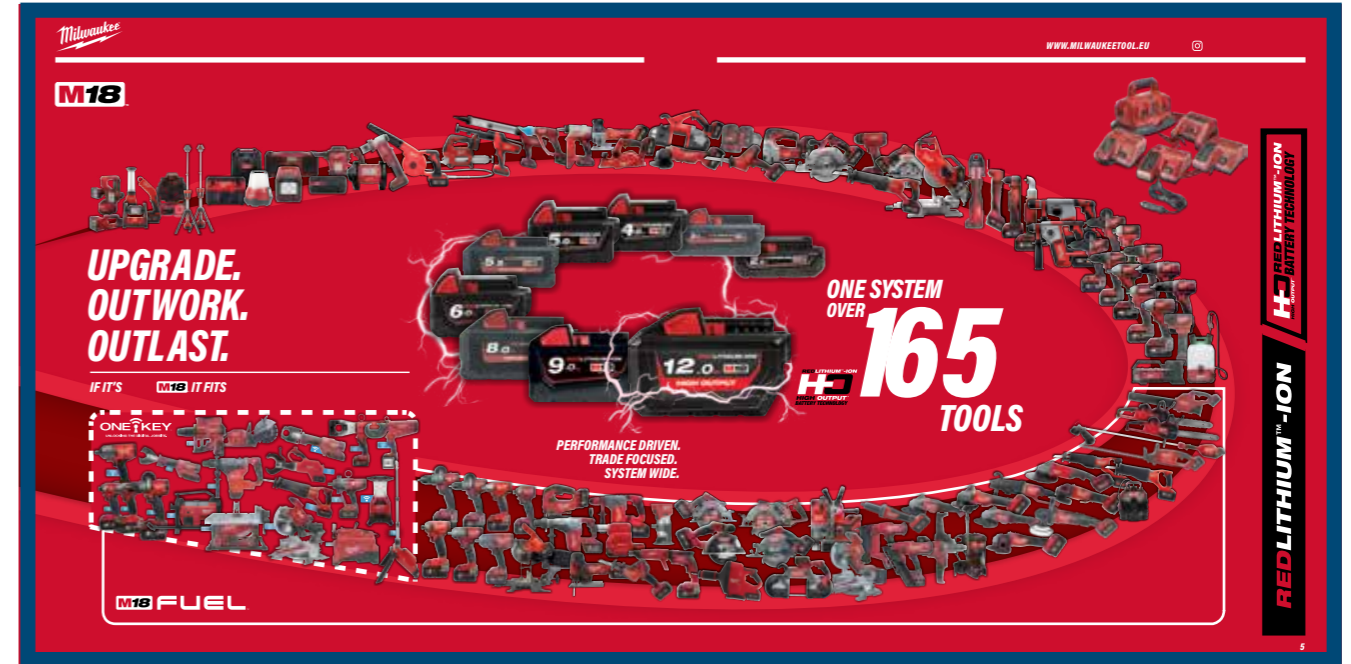

For almost 4 decades, German-Gulf Enterprises Ltd has offered its expertise and technical solutions, to the MENA region so as to cater to the increasing demands of the growing construction, petroleum and gas, air power, shipbuilding, marine technology and hospitality sector in the MENA area. The brand LUCHS German Technology is a proud member of the companys portfolio. Bringing customers the best quality at a competitive price, LUCHS showcases an excellent range of products that are manufactured and packaged as per International OEM Standards ISO9001, ISO 14001 certification. LUCHS product line consist of Dry And Maintenance Free Batteries | Wheel Bearings | Brake Disc | Brake Pads | Truck & Trailer Brake Drums | Bearings | Shock Absorbers | Fly Wheels | Other After Market Truck & Trailer Spares.

MILWAUKEE Power | Cordless | Hand | Metal Working | Fastening Tools

Milwaukee is an industry-leading manufacturer of heavy duty power tools, accessories and hand tools for professional users. Since the company began in 1924, Milwaukee Tool has led the industry in both durability, performance and operations. With an unwavering commitment to the trades, Milwaukee continues to direct with a focus on providing innovative, trade-specific solutions. Whether it is through their leadership in LITHIUM-ION technology, as seen in the M12, M18 & M28 Systems, time-saving accessories or innovative hand tool products, Milwaukee is committed to delivering a steady stream of advanced solutions for the trades that offer increased productivity and durability. To do this, Milwaukee takes the time to work side by side with real craftsmen to understand the demands of a constantly changing workplace and how they can best deliver solutions that help the user work both faster and smarter.

TECMOR S.r.l. with its 50+ years of experience as producer of bending and combined machines and cutting machines shears for the building industry, has always had a main goal: to offer the best solution according to each customer's need.

The TECMOR Benders have been built to meet the needs of professional customers, such as those customers who have to produce significant amounts of finished bars and cages at the factory and then transport the material to the construction sites.

The work-table is designed to be used from both sides, provided with 2 saddles along the entire length of the work surface to allow the bending from 4 different positions. This is the only machine suitable for bending angles as required by the regulations in force. The TECMOR Cutters are produced by a single-block cast, not welded and no carpentry parts, which guarantees a unique solidity which is not reflected in the industry.

Bending Machine

50 years of experience serving a great production

TECMOR, with its 50 years of experience as producer of bending and cutting machines has always been offering the best solution according to each customer's need.
More than 50,000 machines have been sold in the whole World.

WEICON -Zinc | Technical | Aluminium & Welding Protection Sprays

Since 1947, WEICON GmbH & Co. KG has been producing specialty products for the industry in Germany. The scope of products includes special adhesives and sealants, technical sprays and high-performance assembly pastes and greases for all areas of industry - from production over repair up to maintenance. Another area of activity is the development, sales and distribution of stripping tools. WEICON's product portfolio includes: Two-component Adhesives, One-component Adhesives, Elastic Adhesives Sealants, Easy-Mix Adhesives, Technical Sprays | Aerosols, Technical Liquids Fluids, Assembly Pastes And Sprays (Anti-Seize), Stripping Tools

SKF has been known as a leading global technology provider since 1907. SKF portfolio includes: bearings and units, seals, mechatronics, services and lubrication systems.

SKF lubrication solutions range from specialized lubricants to state-of-the-art lubrication systems. Integrated SKF lubrication solutions combine our expertise in bearings, seals and condition monitoring with our tribology knowledge the study of friction, wear and lubrication.

U.S. Battery's Electric Vehicle Deep Cycle Batteries are made in a variety of sizes for 6-volt, 8-volt, and 12-volt applications. Maintaining peak capacity for longer periods between charges, means greater vehicle reliability and lower annual operating costs. This is why U.S. Battery Electric Vehicle Deep Cycle Batteries are engineered with the company's exclusive XC2™ formulation and Diamond Plate Technology®.

	US 2000 XC2 (260 X 181 X 286) Voltage: 6-Volt Deep Cycle – Golf, Multi-purpose 20 Hour Rate: 220 Equivalent to Trojan T-105		US J305 (302 X 181 X 371) 6 - Volt Deep Cycle – Multi-purpose 20 Hour Rate: 310 Equivalent to Trojan J - 305
	US L16 XC2 (302 X 181 X 425) Voltage: 6-Volt Deep Cycle – Multi-purpose 20 Hour Rate: 385 Equivalent to Trojan L - 16 H		US L16 HCXC2 (302 X 181 X 425) 6-Volt Deep Cycle - Multi-purpose 20 Hour Rate: 420 Equivalent to Trojan L -16 P

US Battery line of 6V and 12V batteries can maintain peak capacity for longer periods between charges, which results in greater vehicle reliability and lower annual operating costs. Battery powered floor machines are essential for facility maintenance crews to get the job done. This is why many floor sweeper/scrubbers utilize U.S. Battery deep-cycle batteries. With the company's exclusive XC2™ formulation and Diamond Plate Technology®, these battery plates transport a greater watt-hour per liter and watt-hour per kilogram, producing the best flooded lead-acid batteries on the market.

	US 2000 XC2 (260 X 181 X 286) Voltage: 6-Volt Deep Cycle – Golf, Multi-purpose 20 Hour Rate: 220 Equivalent to Trojan T-105		US 8VGC XC2 (260 X 181 X 286) 8-Volt Deep Cycle – Golf, Multi-purpose 20 Hour Rate: 170 Equivalent to Trojan T - 875
	US 2200 XC2 (260 X 181 X 286) Voltage: 6-Volt Deep Cycle – Golf, Multi-purpose 20 Hour Rate: 232 Equivalent to Trojan T-125		US 12VRX XC2 (355 X 179 X 289) 12-Volt Deep Cycle – Golf Cart Multi-purpose 20 Hour Rate: 155 Equivalent to Trojan T - 1275
	US 27DC XC2 (324 X 171 X 248) 12-Volt Deep Cycle – Multi-purpose 20 Hour Rate: 105 Equivalent to Trojan 27MTX		US 31 DC XC2 (330 X 171 X 248) 12 - Volt Deep Cycle – Multi-purpose 20 Hour Rate: 130 Equivalent to Trojan 31 - XC2
	US 305 XC2 (302 X 181 X 371) Voltage: 6-Volt Deep Cycle – Golf, Multi-purpose 20 Hour Rate: 310 Equivalent to Trojan J - 305		US 145 XC2 (260 X 181 X 302) 6-Volt Deep Cycle – Multi-purpose 20 Hour Rate: 251 Equivalent to Trojan T -145
