GERMAN - GULF ENTERPRISES LTD.

Lubrication Equipment Tools

MECLUBE is an industrial company that manufactures lubrication equipment for every specific requirement, giving best collaboration to the customers and working to grow with them.

MECLUBE is a young and dynamic company, but it has already all the knowhow and the experience of qualified personnel, and its main targets are the service to the customer (especially the after-sale assistance) and the quality: it is already operating with the necessary quality standards to achieve the ISO 9001:2008 certification.

Centralized Lubrication Systems

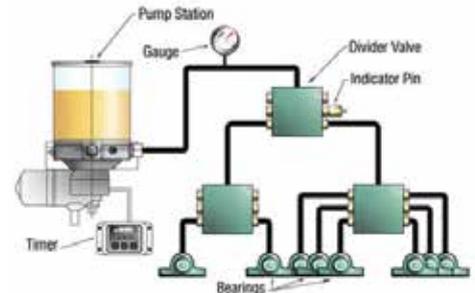

- CENTRAL LUBRICATION SYSTEM
 - MULTILINE LUBRICATION
 - SYSTEM
- MULTIPURPOSE GREASES

Bearings

SKF has been known as a leading global technology provider since 1907. SKF portfolio includes: bearings and units, seals, mechatronics, services and lubrication systems.

SKF lubrication solutions range from specialized lubricants to state-of-the-art lubrication systems. Integrated SKF lubrication solutions combine our expertise in bearings, seals and condition monitoring with our tribology knowledge – the study of friction, wear and lubrication.

The brand "LUCHS – German Technology" is a proud member of German-Gulf Enterprises Ltd's portfolio of European Truck & Trailer Spareparts.

Bringing customers the best quality at a competitive price, LUCHS showcases an excellent range of products that are manufactured and packaged as per International OEM Standards ISO9001, ISO 14001 certification.

LUCHS batteries are engineered to provide users the optimum balance between starting and deep cycling duties and are thoroughly insulated to protect against high frequency vibrations that are created by rough conditions.

STATIONARY BATTERIES

VRLA (UPS SYSTEM, EMERGENCY CENTERS , TELECOM, OTHERS)

Bringing you a full assortment of batteries to meet all your starting and deep cycle needs, Exide with operations in more than 80+ countries has the products and services to meet the world's stored energy needs in transportation and industrial markets.

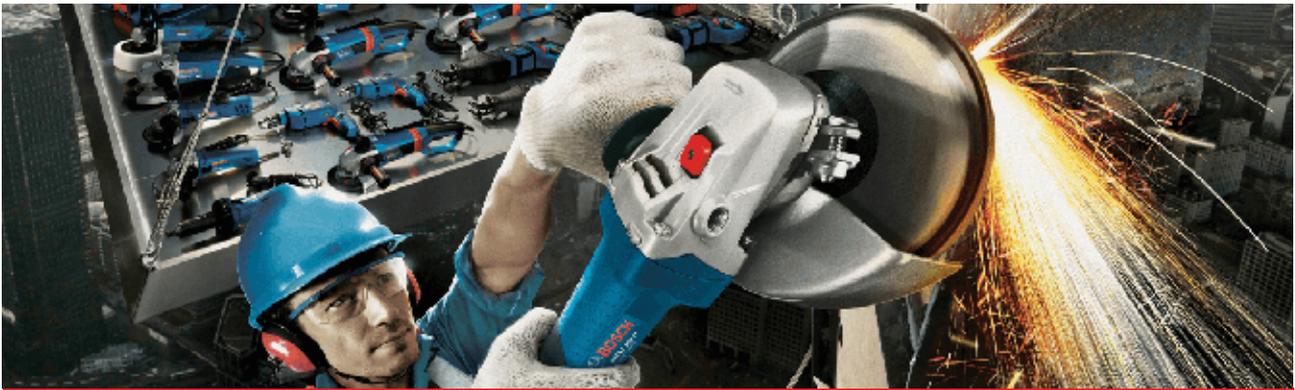

With more than 120 years in the battery business and together with German-Gulf Enterprises Ltd, Exide has the experience, advanced research and development capabilities, and knowledge to provide solutions to various requirements.

BOSCH
Invented for life

4.5" GWS 9-115 P Angle Grinder

The most durable tool in its class!
Powerful 900-watt motor for fast work progress
High work efficiency due to long lifetime and carbon brush lifetime
Ergonomic shape for maximum control in various grip positions

Also available in 4" GWS 7-100, 5" GWS 1400, 7" GWS 22-180, 9" GWS 22-230

GBH 4-32 DFR Rotary Hammer with SDS-plus

The fastest multi-hammer in the 4kg class!

Wide range of applications in chiselling and drilling work and when working with a core cutter
Drills up to 30% faster (25 mm diameter) than other tools in its class
Low vibration levels of only 10 m/s² for less tiring work due to Bosch Vibration Control

Also available in GBH 2-28 DV, GBH 2-28 DFV, GBH 2-28 DFV

GSB 10 RE Impact Drill

Compact power – The most compact and powerful impact drill in its class!
Robust and powerful 500 W motor
Extremely compact for working in tight spaces and overhead
Low weight of only 1.5 kg for fatigue-free working

Also available in GSB 13 RE, GSB 16 RE, GSB 18-2 RE, GSB 19-2 RE

GSH 7 VC Demolition Hammer with SDS-max

Perfect for continuous horizontal chiselling!

Perfect power-to-weight ratio: sufficient impact power, even for the hardest materials, and low tool weight
Low vibration thanks to vibration-optimized impact mechanism and decoupled main and side handles
Long lifetime due to robust metal components

Also available in GSH 11 VC, GSH 5

GSB 18 VE-2-LI Cordless Impact Drill / Driver

Robust series – Extremely powerful, extremely robust, and extremely easy to control!
Extremely powerful: up to 85 Nm for the toughest screw driving and drilling applications in wood and metal

Extremely easy to control: perfect control of the tool due to newly developed worldwide unique and innovative ERC (Electronic Rotation Control) and new auxiliary handle with easy locking mechanism

Also available in GSB 10.8-2-LI, GSB 10.8-2-LI, GSB 18 V-LI

GCO 240 Metal Cut-off Grinder

The robust tool for the toughest applications!

Extremely robust lever and spring construction for the highest work loads
Powerful 2000 W motor with starting current limitation for fast work progress
User-friendly quick clamping mechanism with continuously variable mitre angle setting up to 45°
Also available in GCL 240, GCD 12 JL

GBH 2-26 DRE Rotary Hammer with SDS-plus

The fast all-rounder for daily use!
Gets the work done quickly due to fast drilling rate and high chiselling performance because of 800 watt powerful motor and 2.7 joules of impact energy
Reliable and robust with long lifetime due to high-quality components
Wide range of applications with rotation stops for chiselling work

Also available in GBH 2-20 D, GBH 2-24 DF, GBH 2-26 DFR

GLM 40 Laser Distance Meter

All relevant functions in a compact design!

Distance measurement, area calculation, volume calculation all intuitive to use
Illuminated, three-line display maximizes readability
Memory function enables easy access to the last ten measurements

Also available in GLM 50, GLM 100, GLM 250

GDX 18 V-EC Cordless Impact Driver

The most universal impact driver in its class – with even longer!

Special bit holder combines 1/2" square and 1/4" hexagon – for even more applications
Brushless EC motor technology from Bosch – for up to 100% longer lifetime
Very compact design for perfect handling, even in the tightest spaces and overhead

Also available in GDR 18 V-LI, GDS 18 V-LI HT

GHP 5-65 High-pressure Washer

Powerful and versatile! A compact, mobile and powerful high-pressure washer!

High cleaning power: Aluminium anodized pump with stainless steel pistons producing a combination of high flow and pressure resulting in high cleaning power
Convenient: Metal telescopic handle for easy of use, mobility and compact storage
Versatile: Used both in horizontal and vertical positions

Also available in GHP 5-55, GHP 5-75 X

CONSTRUCTION EQUIPMENTS & SPARES | CONCRETE | MORTAR MC HIRE | HYDRAULIC SALES & SERVICE | WELDING & CUTTING | INDUSTRIAL TOOLS & TRUCK SPARES | EXCAVATOR HIRE | SERVICE WORKSHOP

Power | Cordless | Hand | Metal Working | Fastening Tools

HD28 AG115 M28™ Heavy Duty 115 mm angle grinder

Milwaukee's high performance motor delivers maximum power whilst (optimizing) maximizing the power to weight ratio REDLITHIUM-ION™ battery pack delivers up to 65% more run time & up to 20% more life and operates better down to -20°C than other lithium-ion technologies

AVS side handle for most compatible work and less strain to the user • Individual battery cell monitoring optimizes tool run time

and ensures long term pack durability
Fuel gauge displays remaining charge

M18 SAL M18™ LED Stand light

Features:

TRUEVIEW™ high definition lighting twelve high performance LEDs provide 2000. Lumens on high light output which is brighter than 250 Watt halogen

Impact resistant adjustable head with highly durable polycarbonate lens can be rotated 230° vertically and pivoted 240° horizontally Extendable mast which reaches from 1.10 m to over 2.20 m to light up work spaces from top without casting shadows

M12 BDC6 M12™

Features:

Lightest professional drain cleaner on the market REDLITHIUM-ION™ battery pack delivers up to 2x more run time, up to 20% more power, up to 2x more battery life and operates better down to -20°C than other lithium-ion technologies.

Versatile design, provides benefits of both handheld and floor based drain cleaners in one machine

AS 500 ELCP 50 | L-Class dust extractor

Features:

Large 50 liter tank ideal for workshop use
3700 liters/min airflow with 250 mbar suction
Dust class L. Standard MAK-factor > 1 mg/m³

Anti-static package to prevent shocks caused by static charges
Supplied with 4 m x 36 mm hose, 2x tool adaptors, 1x filter bag & 1x disposal bag

M12 GG M12™ sub compact grease gun

Features:

Powerful 12 V motor delivers over 562 bar max operating pressure. On board fuel gauge and LED light.

Three way loading - bulk, cartridge and suction capable
Grease capacity 400 ml cartridge, 473 ml bulk
REDLITHIUM-ION™ battery pack delivers up to 2x more run time, up to 20% more power, up to 2x more battery life and operates better down to -20°C than other lithium-ion technologies

M18 ONEPD ONE-KEY™ FUEL™ percussion drill

Features:

M18 FPD but with ONE-KEY™ technology
More power - unmatched torque of 135 Nm

More speed - delivers up to 2000 rpm
Electronic clutch with 13 torque settings
Control speed, torque, start and end speeds, anti-kickback functions and LED
Keyless chuck 1.5 - 13 mm
4 m cable

M12 LL M12™ LED lantern light

Features:

TRUEVIEW™ high definition lighting 180° - 360° adjustable beam - versatile design, allows the user to select between area lighting and task lighting

Best-in-class performance - unmatched light output 400+ Lumens, designed to illuminate large areas
High powered 2.1A USB charger charges tablets, smart phones, MP3 players and other electronic devices
Protected against splashing water at all angles (IP24)

C12 PC M12™ sub compact copper pipe cutter

Features:

Milwaukee® high performance 500 rpm motor cuts 12 mm copper pipe in less than 3 seconds

Auto locking cut mechanism cuts installed copper tubing with as little as 37 mm clearance

Flexible battery system: works with all Milwaukee® M12™ batteries

DRILLNĀ
STAINLESS STEEL A4 BIMETAL
SELF-DRILLING SCREWS

Automotive | Chemicals | Workshop | Garage Tools

BERNER

Tissue Roll Blue 2 Ply

Main User
Internal workshops, Automotives Garrages and Fleets.

Product Advantages

- Workshop Banquet Roll - wipes
- 2 Ply
- 1000 sheets per roll

Rust Remover Mos2

Application Areas
Loosening rusted, jammed (screw) connections, bolts, hinges, nuts etc.

Product Details
Fast and effective rust remover.
Very good penetration properties.
Protects against corrosion.
Reduces wear.
Prevents cracking and squeaking.
Free of Silicones, resins and acids.

Angle Grinder BPT-AG

Application Area

- Grinding work using disks with Ø 115 mm and Ø 125 mm

Main User
car repair shops, truck repair shops, body engineering, body repair, Metal engineering, Internal workshops

Product Advantages

- Fatigue-free working due to easy-to-handle and compact design
- Long tool life due to robust high-performance motor
- Safe working due to additional handle
- On board fuel gauge and LED light

Contact Spray

Application Area
Eliminates and prevents contact resistance and faults with cable connections and plugs.

Product Details
Strong, water-repellent effect.
Ensures good current flow.
Prevents oxidation and the formation of sulphide layers.
Prevents leaking current and loss of voltage.
Works on iron, metal, aluminium and plastics.

Chipping Hammer Set

Application Area

- Sheet metal and stone processing depending on the chisel

Product Advantages

- Impact rate regulation for precise work
- Hexagonal fixture for forcible control of drill bit
- Ergonomic handles for fatigue-free working

Long side fence for straight cuts and precise guidance
Supplied with a carbide tipped 24 tooth saw blade, parallel guide and 4 m cable

Zinc Spray

Product Advantages
Automotive, bodywork processing plants, central heating, air conditioning and duct construction, metalworking companies and industries.

Product Details
Protects metal parts against weather, water and salt.
Added aluminum gives machined surface a silver effect.
Resistant to petrol, oil and seawater.
Fast drying.

Workshop Tool Trolley

Product Advantages

- Product provides large amount of space for your tools.
- Can be locked and thus secures your tools against robbery
- Central lock with folding key (reduces risk of injury) as well as spare key
- Loading capacity per drawer 35 kg
- Dirt protected, replaceable labelling ledges for quick content overview of the drawers

Brake Cleaner 30 Ltr | 500 ml.

Application Area - Cleaning | degreasing and maintenance of brake and clutch systems

Main User - Internal workshops | building | civil engineering, installation contractors | Metal engineering

Product Advantages - Promotes even braking | Quickly removes brake and clutch dust | oil, grease and dirt residues | Dirt residues | Non-corrosive

Hand Cleaner

Application Area
Removes oil, grease, (cooling) lubricant, dirt and grime.

Main User
Solvent-free formula.
Gently cleans the skin with surfactants and abrasive particles.
Deep acting: cleans effectively.
Moisturising properties prevent dry skin.
Contains natural oils.
Do not clog drains.
Dermatologically tested.
Silicone-free.

Compressed Air Ratchet 1/2"

Product Advantages

- 2-component-plastic enclosure for ideal administration and against vibration and cold hands
- Control lever with a very short way – for ergonomic handling
- Very handy and easy to use right-/ left-switching – also safe to use with oily hands
